

(2) *Definitions*—(i) *SCL holder*. As used in this part, “SCL holder” is that party approved on an SCL to perform activities approved under the SCL.

(ii) *SCL consignee*. As used in this part, “SCL consignee” or “consignee” means any party authorized to receive items under the SCL and named as a consignee on an approved Form BXA-752, Statement by Consignee in Support of Special Comprehensive License.

(b) *ICP requirement*. To qualify for an SCL, you must develop an ICP. Section 752.11 of this part includes a general description of the elements of the ICP, and guidance on which elements your company must implement before making shipments under the SCL. The elements of the ICP your company will develop reflect the complexity of the activities authorized under the SCL, the countries and items involved, and the relationship between the SCL holder and the approved consignees. BXA may require you to include in your ICP any combination of elements, depending upon the nature of your SCL application. During your pre-application consultation required by § 752.5(a)(1), BXA will provide you guidance on which elements you must implement.
